EXPERIENCE

Goriite Digitals — Frontend Developer

December 2022 - PRESENT

Technologies: HTML, CSS, Javascript, React,Tailwind CSS

● Turn design pages and specific components into HTML,CSS and Javascript full-fledged websites.

● Worked with the senior developer to create a new website from scratch using React and Tailwind CSS.

● Developed and maintained legacy applications.

● Analyzed UI/UX design for responsive layout for improved usability.

● Write reusable, performant code for a diverse array of client and internal projects.

Quantisland, Singapore — Front-End Developer (*Contract*)

August 2022 - September 2022

Contracted to build a mobile friendly and inclusive website for a consulting firm in Singapore.

Technologies: HTML, CSS, Javascript, React, Tailwind CSS

● Collaborated with the team to design new features for our web application and mobile app.

● Ensured that all code is well documented, reusable, efficient, and follows best practices.

● Participated in peer code reviews as appropriate for the task at hand and reviewed others' code when requested.

EDUCATION

University of Ekiti, Nigeria — B.Sc. Linguistics

September 2016 - August 2020

PERSONAL PROFILE

As a focused Front-end developer, I consistently deliver logical and innovative solutions to complex problems. With a passion for learning and growing in a collaborative team environment, I have built more than 3 live projects that showcase my skills and dedication to my craft.

Through my projects, I have honed my skills in HTML, CSS, JavaScript, and front-end frameworks such as React, Tailwind CSS and so on .
I have a keen eye for design, ensuring that the user experience is seamless and enjoyable.
